28 March 2008

Mr. Michael Di Grappa
President
Concordia University

Dear Mr. Di Grappa,

On behalf of the Concordia University Faculty Association, I am writing regarding the current contract negotiations between CUPFA and the University Administration.

It is most distressing that these negotiations have been so long and protracted. Although negotiations with other unions are now finally settled, it is disturbing to many of us at Concordia that there has been a pattern of excessively long, drawn-out contract negotiations at the University over the past several years. We hope that these CUPFA negotiations can be brought to a close, fairly and quickly. We strongly encourage responsible negotiations, increasing the number of meetings if necessary so that they can be completed in the very near future.

Yours sincerely

Charles Draimin
President
Concordia University Faculty Association

cc. Dr. David Graham, Provost and Vice President, Academic
Ms Maria Peluso, President, Concordia University Part-Time Faculty Association
